PACK CONTAINS OVER 39 WIDGETS THAT CAN BE ASSEMBLED IN NUMEROUS WAYS.

ADMINISTRATION BLOCK

DESERT BUGGY

#### Preparation

Once you clear some table space you will need a hobby knife and glue (PVA, wood glue, hobby glue) and a file or small piece of sandpaper to be used for cleaning up any tiny imperfections.

It's a good idea to familiarise yourself with how the pieces fit together before gluing.

#### Getting Started

I. Parts should remove easily from the board by pressing through and popping them out. It's a good idea to cut through the tiny joins first though, and some parts (particularly smaller, more detailed parts) may need more careful persuasion.

II. Use a file or sand paper last to completely remove the tabs that might remain.

III. Parts may be a very tight fit, slight trimming or sanding of parts may be needed for ease of assembly.

#### Construction

These widgets can be assembled and attached to any Miniature Scenery or home made building in any way you desire.

Simply remove them from the board and use your imagination!
